

LANGOFLEX

HD

LANGOFLEX HD is a tough, heavy duty expandable sleeving made of PET.015" (0.38mm) monofilaments braided into a cylindrical sleeve. It provides excellent abrasion and good mechanical properties. The flexible open braid construction provides complete drainage preventing heat, condensation and moisture. The good chemical resistance of the polyester material makes it ideal for applications in harsh environments and in electronics, marine, and industrial wire harness applications.

PRODUCT FAMILY: Expandable Sleeving

CONSTRUCTION & MATERIALS: Braided PET .015"
(0.38mm) monofilament

STANDARD COLORS: Black

TEMPERATURE OF USE: -40/150°C (-40/302°F)

TYPICAL APPLICATIONS:

- Harness bundling
- Machinery & Installations
- Electrical Appliances
