

# NU-CRUSH

## V1

NU-CRUSH V1 is a tough tubular woven sleeve made of high tenacity polyester. It is specially designed to protect cables and tubing from any crash or cut-through damage. It also allows to avoid short circuit on power lines by isolating the electrical system for the surrounding environment.

**PRODUCT FAMILY:** Impact & Crash Slewing

**CONSTRUCTION & MATERIALS:** high tenacity woven PET multifilament

**STANDARD COLORS:** Black, Orange

**TEMPERATURE OF USE:** -40/150°C (-40/302°F)

**TYPICAL APPLICATIONS:**

- Agricultural equipment
- Construction engines
- Recreational vehicles

**Drossbach**
