

NU-TUBE

PA

NU-TUBE PA is tough sleeving made of PA6 multifilament woven in a tight construction. This solution provides a very high mechanical & abrasion protection as well as cut-through resistance. NU-TUBE PA also provides good sound dampening properties thanks to the multifilament construction.

PRODUCT FAMILY: High Performance Sleeving

CONSTRUCTION & MATERIALS: PA woven multifilament

STANDARD COLORS: Black

TEMPERATURE OF USE: -40/125°C (-40/257°F)

TYPICAL APPLICATIONS:

- Automation & Robotics
- Agricultural equipment
- Construction engines
