

# US

## COT

US COT is a standard convoluted tubing designed for wire harness protection. It is suited for harsh environments to protect against any mechanical risks such as abrasion or compression. It is proposed in various materials, including materials formulated with flame retardant or anti-rodent repellent compounds. This tube can be delivered slit or non-slit.

**PRODUCT FAMILY:** Standard Convoluted Tubing

**CONSTRUCTION:** Extruded solution, available slit or non-slit  
**MATERIALS:** polyethylene, polypropylene, polyamide, polyester

**STANDARD COLORS:** Black (except NC7),  
Orange (PE10, PP3, PP5, HHPP, N24), Gray (PEFR, NC7), Red (N6FR)

**TEMPERATURE OF USE:** -40/150°C (-40/302°F)  
(depending on material grade)

**TYPICAL APPLICATIONS:**

- Electrical Distribution
- Railway & Transportation
- Equipment & Heavy Truck
- Automation & Robotics
